SPIRIT: A CENTURY OF ASIAN ACTIVISM

SPIRIT: A Century of Queer Asian Activism is an examination of legacy through a community panel and performance (May 10th and 11th). **SPIRIT** highlights the work of groundbreaking Queer Asian Artists, Activists, Academics and Community Leaders, creating space for our full existence. Though Asian Pacific Islanders constitute 33-35% of San Francisco's population, we are underrepresented in Queer Artistic spaces. **SPIRIT** makes Queer Asian histories visible, juxtaposing our queer past with visions of the future to celebrate the vital art and activism of our community.
